

REMARKS

Claims 36-53 are currently pending in the subject application and are presently under consideration. Claims 1-35 have been cancelled. To facilitate review by the Examiner and expedite allowance of the subject application, the new claims are presented to recite features made at the suggestion of the Examiner in the Office Action dated August 13, 2007, and from the agreement reached during the Examiner Telephonic Interview on September 25th, 2007 regarding allowable subject matter. In particular, cancelled claims 18 and 33 are presented in independent form (including all features of respective base claims and any intervening claims).

These amendments are believed to bring the claims into condition for allowance, thereby rendering prior rejections and objections moot as to the currently presented claims. Favorable reconsideration of the subject patent application is respectfully requested in view of the comments herein.

CONCLUSION

The present application is believed to be in condition for allowance in view of the above comments and amendments. A prompt action to such end is earnestly solicited.

In the event any fees are due in connection with this document, the Commissioner is authorized to charge those fees to Deposit Account No. 50-1063[MSFTP1928USB].

Should the Examiner believe a telephone interview would be helpful to expedite favorable prosecution, the Examiner is invited to contact applicants' undersigned representative at the telephone number below.

Respectfully submitted,
